

ÁLVARO ZARZUELA

JUNIOR CYBERSECURITY SPECIALIST / ETHICAL HACKING STUDENT

Final-year Computer Engineering student with a strong focus on ethical hacking, network security, and vulnerability analysis. I stand out for my strong self-taught learning ability, logical problem-solving, and a clear focus on teamwork and continuous improvement in cybersecurity environments.

ADDITIONAL TRAINING

IBM SkillsBuild

- Cybersecurity Certificate, in progress.

Hack4u Academy

- Hands-on training in vulnerable environment setup and guided exploitation, in progress.

LANGUAGES

- **Spanish - Native**
- **English - B2**
  360° LPT Certificate, 2026

EXPERIENCE AND TECHNICAL PROJECTS

Cybersecurity Participant / Competitor

Cyber BotCamp Málaga | 2026

- Participated in hands-on workshops on vulnerability analysis, defensive security, and network auditing.
- Solved Capture The Flag (CTF) challenges, applying ethical hacking and system hardening techniques.
- Analyzed network traffic and practiced incident response in controlled test environments.

Cybersecurity Labs & Hands-On Auditing

Independent Projects / Hacking Platforms

- Hands-on training in vulnerable environment setup and guided exploitation at Hack4u Academy. Next step: building a verifiable track record on platforms such as TryHackMe and Hack The Box.
- Developed automated Python/Bash scripts for port scanning and vulnerability analysis.
- Configured and hardened virtual environments (VMs) using specialized distributions (Parrot OS).

KEY SKILLS AND COMPETENCIES

- **Offensive/Defensive Tools:** Nmap, Wireshark, Burp Suite, Metasploit.
- **Operating Systems:** Linux (Parrot, Ubuntu), Windows Server.
- **Pentesting & Analysis:** Ethical Hacking, Vulnerability Analysis, System Hardening.
- **Scripting Languages:** Python, Bash, SQL.
- **Network Analysis:** TCP/IP protocols, Traffic and Log Analysis.
- **Quality Control.**
- **Soft Skills:** Analytical thinking, attention to detail, clear technical communication, self-taught learning, strong teamwork ability.

EDUCATION

Computer Engineering

- *University of Huelva* (2023 - 2027)

Science Baccalaureate

- *IES Hozgarganta* (2021 - 2023)
